

PRODUCT SPECIFICATION

White Ultra Removable

Description

White, high bulk, woodfree, machine finished 70gsm. Excellent whiteness, opacity and smoothness for its paper type.

Adhesive

Microsphere based adhesive suitable for applications requiring medium tack combined with excellent removability. It is particularly suited for labelling smooth objects like books, glass or metals where totally clean removal (no residue) is required). If labelling rough or extremely curved surfaces the use of standard removable adhesive may be more suitable. Minimum application temperature: 0°C
Temperature range: -20°C to +50°C
Designed to be temperature stable in hot fusing laser printing.

Tests of the printed label under actual application conditions are strongly recommended.

Not suitable for direct food contact.
The adhesive conforms to the EN71-3 (Toy Safety) & Packaging (Essential Requirements) Regulations.

No heavy metals are used in the manufacturing process and typical contents are less than 1 ppm.

Backing

White high density kraft paper with excellent lay flat properties

Printing Information

Litho:

Treat as an uncoated paper.
Die cut labels - use formulated extra low tack inks (not just reduced) and a hard blanket (compressibles are not advised as they increase the suction effect on the labels).

Laser & Copier - 'digital':

Excellent laser printing qualities.
For best results set paper type as Plain and media weight appropriate to the laminate.

Ink Jet:

Excellent reproduction and drying using water based ink jet

HP Indigo:

Requires further treatment to become Indigo printable

Laminate:

Thickness: 160mic Weight: 160gsm

Availability

Available in ranges:
PCL
Digital Office
A4+
